

Police Accountability Pledge

If I am elected to serve as the next Manhattan District Attorney, I commit to the following:

1. Vacate convictions in which the NYPD officers identified by defenders and innocence organizations on May 3, 2020 (the "Officers") played an "essential role";
2. Conduct a full, transparent review with the participation of the convicted person and their counsel of all cases involving the Officers where the Officers did not play an "essential role";
3. Whenever an NYPD officer is convicted of crimes relating to their duties, vacate those convictions in which they played an "essential role" and conduct a full, transparent review with the participation of the convicted person and their counsel;
4. Conduct a full, transparent review with the participation of the convicted person and their counsel for all cases involving any other NYPD officer who has been deemed incredible, including those on any Brady/Giglio/"Do Not Call" list.
